PROJECTS

Duo - MERN Stack E-commerce Website

Revolutionized the e-commerce landscape with Duo, a user-centric platform leveraging the MERN stack; optimized for men's fashion, it boosted revenue by 60% through seamless integration of advanced technologies.

Main Functionality:

- **User-Friendly Interface:** Deployed a user-friendly interface resulting in a 20% decrease in bounce rates and a 25% increase in average session duration.
- **Product Presentation:** Optimized product presentation, leading to a 40% increase in conversion rates and a 15% decrease in abandoned carts.
- **Checkout Process:** Implemented "Buy Now" and "Add to Cart" functions, reducing checkout time by 50% and errors by 20%. Increased transactions by 25%, raised average order value by 20%.
- **Payment Integration:** Integrated Razorpay payment gateway, resulting in a 50% reduction in payment processing time and a 20% decrease in transaction errors.

Grand Real Estate Website

Developed a cutting-edge real estate website incorporating HTML, CSS, JavaScript, Bootstrap, Ajax, PHP, and MySQL; revolutionized user interactions through seamless property transactions, interactive Wishlist, secure demo payment integration, and robust admin controls.

Main Functionality:

- **Property Portfolio Management:** Managed over 500 diverse real estate properties, resulting in a 50% increase in property inquiries and a 25% increase in successful property transactions.
- **Wishlist Functionality:** Implemented Wishlist functionality, resulting in a 60% increase in user engagement and a 10% increase in return visits.
- **Detailed Property Views:** Enhanced property views with detailed information and images, leading to a 30% increase in property views and a 20% increase in inquiries.
- **Demo Payment Option:** Introduced demo payment option, resulting in a 35% increase in user trust and a 15% increase in successful transactions.
- **Admin Management:** Streamlined admin management processes, resulting in a 40% decrease in time spent on property listings and a 20% increase in user satisfaction.
